There have been 57 fire hydrants that have been replaced in Southwest Metro year to date. Platte Canyon budgeted \$32,000 for 2024 and to date has spent \$25,694. A total of nine fire hydrant nozzles have been replaced in Platte Canyon.

Morris Pump Station, the Brookhaven Lift Station in Columbine, and the Centennial Lift Station in Valley. Alyssa reviewed the status of the implementation of the program, noting that keycard equipment is on order for employee key card systems that will be installed at all locations providing increased security access for employees. Additionally, there will be two external cameras installed at the Hogback Pump Station, three cameras at Scott J. Morris Pump Station, and two cameras installed at the Centennial Lift Station. 4. **Maintenance Summary Report.** Scott Hand reviewed the Operations and Maintenance Summary Report for the month of January 2024. He noted that Platte Canyon had no water service interruptions during the reporting period, but Southwest experienced one on South Santa Fe Drive 650 feet North of County Line Road. He presented a PowerPoint showing the nature and extent of the damage that was caused by the break as well as the repair activity that was undertaken. It was noted at this time that one of the C-470 subcontractors working on the expansion of South Santa Fe Drive and C-470 in the area presented a claim to Southwest alleging that a portion of the contractor’s work was undermined by the water from the broken main. It appears that the break in the main was caused by a sudden pressure surge. The District shut the water off very quickly, especially

in light of the fact that some of the Southwest's shut-off valves had been covered by work that contractors were doing in the area. To date, Southwest has received a bill from C&L Water Solutions for \$27,000.

Mr. Hand also reviewed with the Board the various training that Platte Canyon employees were given during the month.

5. Capital Projects Report. Justin Roquemore reviewed with the Board the Capital Project Report for Platte Canyon and Southwest. As part of his report, Mr. Roquemore updated the Board as to the status of all ongoing Platte Canyon and Southwest projects including developer and District specific projects.
