

SOUTHWEST METROPOLITAN WATER AND SANITATION DISTRICT 2025 BUDGET REPORT

HIGHLIGHTS

- The 2025 Southwest Metropolitan Water and Sanitation District budget projects a surplus of \$836,397 between total revenue amounting to \$7,550,710 and total expenses of \$6,714,313.
- The water and sewer service fee is projected to remain \$12.00 per month per ¾” equivalent water tap.
- Revenue provided from the water and sewer service fee is projected to be \$2,252,020, \$469,568 less than 2025 operating expenses of \$2,812,138.
- The net investment income budget for 2025 is \$732,470, based on an average yield of 3.0%. Market yields are significant as the District relies on investment income to contribute to the offset and funding of general operations.
- Service fees and investment income amounting to \$2,984,490 produce 39.5 percent of total District revenue. There are significant developments within the District. Some are in the planning and construction stages while others are nearing completion. Projected tap fee revenue for 2025 is budgeted at 2,979,432
- In 2025, the District will be upsizing the existing 33” diameter D-Line interceptor to accommodate new development of residential and commercial projects located south of the Mineral Avenue & Santa Fe Drive intersection. The capital project is estimated to cost \$2,632,225 and will be fully funded by three developers as projects move forward. Participation fees contributed by developers in the amount of \$1,457,968 are estimated to be recognized during 2025.
- The District receives no property tax revenue and cannot impose a property tax mill levy without the approval of registered electors.

HIGHLIGHTS

- The total operations and maintenance budget for 2025 is \$1,718,605, \$73,965 less than the amount budgeted in 2024.
- Southwest Metropolitan will continue to receive water and sewer operations and maintenance services from Platte Canyon Water and Sanitation District in accordance with an intergovernmental agreement between the two districts. The amount budgeted in 2025 for these services represents an increase of \$23,485 or 2.5% from the amounts budgeted in 2024 and an increase of \$56,660 or 6.3% from the estimated amounts for 2024.
- The contract maintenance for system failures budgeted amount was increased by \$30,000 to \$180,000, which represents an average failure rate of one per month.
- The 2025 budget for remedial water contract maintenance amounts to \$305,400, \$45,900 less than the amount budgeted in 2024. Several water system components requiring some levels of maintenance have been identified including the replacement of 42 hydrant nozzle sections estimated at \$155,400.
- The 2025 budget for remedial sewer contract maintenance is \$25,000, \$92,000 less than the amount budgeted for 2024 due to a decrease in the level of point repairs identified and scheduled for 2025.
- The District contracts engineering services for the review of new development plans. These engineering costs are reimbursed by the developers. The 2025 budget for engineering – backcharge costs remains at \$75,000 to account for the ongoing development in the District.
- General office administrative services will also continue to be provided by Platte Canyon. The 2025 budget for these services is \$654,360, \$46,085 or 7.6% more than the amount estimated for 2024.
- The total amount budgeted in 2025 for services provided by Platte Canyon is \$1,606,045, or 1.3 percent more than budgeted in 2024 and 6.8% more than the estimated amount for 2024.
- Election costs are estimated to be \$8,000 to cover legal and administrative costs associated with the regular bi-annual director election.

HIGHLIGHTS

- The 2025 budget for general legal fees is 55,000, \$12,000 more than the amount budgeted in 2024. The increase is deemed necessary considering the additional need for the preparation and/or review of agreements and contracts.
- Insurance costs for 2025 are projected to be \$31,185, \$7,560 more than budgeted in 2024. Overall premiums are anticipated to increase by 15.1% from 2024 cost levels.
- The budget for building maintenance is \$158,805, \$50,595 more than the amount budgeted in 2024. In addition to increases in routine maintenance, the budget amount for 2025 includes \$40,000 to accommodate potential repairs required to the exterior brick wall and foundation on the west side of the building.
- Capital expenditures for 2025 are budgeted at \$3,992,725 and includes two capital water projects involving the replacement of 2,168 feet of asbestos cement pipe amounting to \$962,620 and one capital sewer project involving upsizing the 33-inch diameter D-Line interceptor to a 36-inch diameter pipe amounting to \$2,009,975.
- Funds Available is projected to be \$25,251,978 at December 31, 2025.
- Over the ten-year planning period the reserve fund balance is projected to decrease \$3,870,682 to \$21,381,296 at year end 2034. It is the policy of the District to annually review and establish an adequate level of cash reserves for operations, capital improvements, debt service, and any other needs prescribed by the Board of Directors to meet expected service levels and provide adequate resources for infrastructure repair and replacement.

SUMMARY

The 2025 Budget for Southwest Metropolitan Water and Sanitation District has been prepared in accordance with the modified accrual basis of budgetary accounting.

Services to be provided by Southwest Metropolitan in 2025 include operation, maintenance, and repair of 174.8 miles of water distribution mains and 164.0 miles of sanitary sewer collection and interceptor mains and one potable water pumping station. Proposed facility maintenance objectives for 2025 are described in greater detail in a separate document titled *2025 Maintenance Goals*.

Total revenue from all sources is projected to be \$7,550,710 in 2025. Total expenditures are budgeted at 6,714,313, \$3,685,977 more than budgeted in 2024. General fund expenditures are budgeted at \$2,721,588, \$4,750 less than 2024 budgeted expenses. Capital expenses are budgeted at \$3,992,725, \$3,681,227 more than budgeted in 2024.

The reserve fund balance is projected to increase \$836,397 in 2025 from a beginning balance of \$24,415,581 to \$25,251,978 at year end.

REVENUE

- Total Revenue in 2025 is projected to be \$7,550,710, 80.3 percent more than 2024 budget revenue of \$4,188,860.
- In 2015 the Board of Directors imposed a service fee to be applied to all District customers. The service fee is to be used for operations, maintenance, and rehabilitation of the District facilities. The service fee is \$12.00 per month per ¾” equivalent service connection. The fee is imposed on customers’ Denver Water bills, with the revenue collected by Denver Water and remitted to the District. Service fee revenue budgeted for 2025 is \$2,252,020 based on 15,639¾” equivalent taps.
- Contract service fees consist of a biennial charge to the City of Littleton in the amount of \$7,500 to transport up to 13 cubic feet per second of wastewater flow from the City through Southwest Metropolitan’s A & D line interceptors.
- Water tap fees will remain at current levels; \$7,000 per ¾” equivalent water tap and \$1,518 for a single family residence or equivalent sewer tap. System development fee revenue totaling \$2,979,432 includes the sale of water and sewer taps in the Santa Fe Park South, Angeline Apartments, Valvoline, and Ken Caryl Commerce Center developments during 2025.
- Participation fees amounting to \$1,457,968 are anticipated from the developers of Santa Fe Park South and RiverPark North developments during 2025 relating to the cost share of the required upsizing of the District’s D-line interceptor.
- Investment income is projected to be \$732,470, 9.7 percent of total District revenue. Investment income revenue is proposed to be \$107,470 more than estimated 2024 investment income of \$625,000. The District relies on investment income to fund or offset operating expenditures. The average investment yield is estimated to be 3.0 percent on District invested funds.
- Other income, which includes office lease income, developer fees, and miscellaneous income, is budgeted at \$113,820, \$10,720 less than the amount budgeted in 2024.

Office lease income consists of Platte Canyon Water and Sanitation District’s share of operating, maintenance and repair expenses for the administrative office and garage facility located at 8739 W. Coal Mine Ave. Platte Canyon is contractually obligated to pay 30% of all building costs to Southwest Metropolitan. Costs are billed monthly at a fixed rate and reconciled quarterly based on actual costs incurred. The lease income includes Platte Canyon’s share of projected routine maintenance and repair costs and minor capital improvements. The budget for 2025 is \$43,820, \$10,720 less than the 2024 budget amount. This decrease is due to less capital improvement projects planned for the building in 2025 compared to 2024. Plan review and

inspection fees are charged by the District to recover costs incurred by District staff as well as a contract engineer to review developments in planning stages and provide field inspections as they progress through the construction phase. Most of the development fees projected to be incurred during 2025 relate to the Santa Fe Park South, Angeline Apartments and River Park Outlook developments.

Miscellaneous income consists primarily of fire hydrant use fees which are assessed for use of District owned fire hydrants. The fire hydrant use fee of \$100 per month per hydrant is not proposed to change in 2025. On June 22, 2024, a hailstorm affected the District's roof, gutters, HVAC units, and windows. As a result of the damages the District received an insurance reimbursement of \$82,320 which is reported as miscellaneous revenue in 2023. Additional insurance cost recovery was received for the replacement of the HVAC in 2024 amounting to 36,084.

OPERATING EXPENSES

- Total expenses for 2025 are budgeted at \$6,714,313, \$3,685,977 more than the 2024 budget of \$3,028,336. The 2025 budgeted amount for administration, operations, and maintenance is \$2,721,588 while capital expenditures are projected to be \$3,992,725.
- Operations and maintenance costs are budgeted at \$1,718,605 which is 4.1 percent (\$73,965) less than the amount budgeted in 2024.

Water operating and maintenance costs consist of water maintenance materials and Southwest Metropolitan's share of labor, equipment, and overhead costs incurred by Platte Canyon. Costs are allocated between the two Districts in accordance with a comprehensive cost accounting model. The 2025 costs are budgeted at \$545,785 which reflects a 4.9% decrease over the amount budgeted in 2024 and 5.3% increase over the estimated amount for 2024. The 2025 budget accounts for a shift in the percentage of costs being allocated to water and sewer activities based on direct labor hours devoted in each maintenance area.

Water contract maintenance for system failures budget has been increased by \$30,000 to \$180,000 for 2025, which represents an average failure rate of one per month. Remedial maintenance and repair costs are budgeted at \$305,400, \$45,900 less than budgeted in 2024. Remedial costs planned for 2025 consist of several water system components requiring some level of maintenance including valve repairs and replacements and hydrant nozzle repairs and replacements. The District has identified specific manufactured hydrants in the system that require nozzle replacement and has implemented a schedule to assess and replace these assets over the next few years. A detailed explanation of the maintenance services to be performed in Southwest

Metropolitan in 2025 is presented in a separate report titled *2025 Maintenance Goals*.

Hogback Pump Station general maintenance includes repairs and maintenance of pump station equipment and the building located at 13399 W. Coal Mine Ave. These expenses are budgeted at \$30,000, the same amount budgeted in 2024. Telemetry includes costs associated with monitoring the building security system, the Supervisory Control and Data Acquisition (SCADA) system, and pump station alarm system. Telemetry is budgeted at \$5,000, the same amount budgeted in 2024. The \$35,815 budgeted for utilities includes costs associated with electric, gas, water, and sewer services.

Sewer operating and maintenance costs consist of sewer maintenance materials and Southwest Metropolitan's share of labor, equipment, and overhead costs incurred by Platte Canyon Water and Sanitation District. Costs are allocated between the two Districts in accordance with a comprehensive cost accounting model. The 2025 costs are budgeted at \$405,900, \$51,400 or 14.5% more than the amount budgeted in 2024. The allocation of maintenance costs between water and sewer activities during 2025 is estimated to be 58/42 compared to 62/38 that was projected for 2024. The 2025 budget also accounts for the overall increase in labor and overhead costs projected by Platte Canyon.

Sewer contract emergency maintenance includes system repairs and cleanup costs associated with sewer backups originating within District owned facilities. The amount budgeted for this line item remains \$20,000, the same amount budgeted in 2024. Remedial maintenance and repair costs are budgeted at \$25,000. A few point repairs are needed to correct defects identified in various sections of the sewer system. Estimated remedial sewer repairs required in 2024 are projected to total \$172,895. This amount includes a significant point repair and the rehabilitation of manholes that were originally scheduled to be completed in 2023. A detailed explanation of the maintenance services to be accomplished in Southwest Metropolitan in 2025 is presented in a separate report titled *2025 Maintenance Goals*.

Sewer flow meter maintenance which includes repairs and maintenance to flow meter equipment situated on eight sanitary interceptors is budgeted at \$15,790, \$650 more than the amount budgeted in 2024. In addition to maintenance costs this budget amount includes \$12,790 for annual subscriptions for seven SmartCover Systems installed during 2024. Flow meter telemetry includes costs associated with monitoring the SCADA and alarm systems at each site. Telemetry is budgeted at \$2,800 in 2025, \$100 more than the amount budgeted in 2024. Utility expenses are budgeted at \$2,100, \$200 more than the amount budgeted in 2024.

General engineering services include expenditures for consulting and surveying services that are non-capital project related. The District issues tasks orders for specific engineering projects identified throughout the year. The 2025 budget includes \$15,000 for water related services and \$10,000 for sewer related services.

Engineering for mapping and geographical information related services budget continues to be \$5,000 for any updates and enhancements that may be required on an annual basis to the District's comprehensive GIS and asset management programs.

Engineering services - backcharge include expenditures for capacity studies, plan review, and inspection services for developer projects. These costs are backcharged to the developers to offset District costs incurred while performing the services. The 2025 budget includes \$75,000 for these services, which is the same as the amount budgeted in 2024.

- Administrative expenses for 2025 are budgeted at \$804,963 which reflects a \$20,560 or 2.6 percent increase from the amount budgeted in 2024.

Administration costs consist of Southwest Metropolitan's share of labor, equipment, and overhead costs incurred by Platte Canyon in accordance with an Intergovernmental Agreement between the two Districts. Shared costs are allocated to each District in accordance with a comprehensive cost accounting model. The 2025 costs are budgeted at \$654,360, \$46,085 or 7.6% more than the amount estimated for 2024. The 2025 budget accounts for the overall increase in administrative labor and overhead costs projected by Platte Canyon.

Office supplies include filing, printing and stationary type items. The amount budgeted for 2025 remains \$2,000.

Southwest Metropolitan is a member of selected trade and research related associations and organizations including the Colorado Special District Association. The 2025 budget for membership dues is \$2,500, \$275 the same as the amount budgeted in 2024.

Election costs are budgeted at \$8,500 to cover legal and administrative costs associated with the regular bi-annual director election.

The 2025 budget includes \$34,800 for newsletters and web site maintenance which is the same as the 2024 budgeted amount. The costs for the newsletters, \$33,300, includes printing, postage, and mailing of quarterly newsletters or postcards. Significant customer outreach is accomplished on the website and through social media platforms. The 2025 budget includes \$1,500 for the maintenance of the District website.

Legal notices, budgeted at \$200 in 2025, include annual special district compliance notices such as the budget notice, election notice and advertisements for construction project bids.

Audit expenditures are budgeted at \$6,200, the same as the estimated amount for 2024.

General legal services are budgeted at \$55,000, \$12,000 more than the amount budgeted in 2024. This increase accommodates the additional legal services required for the preparation and/or review of agreements and contracts.

Legal services-backcharge include expenditures for easement preparation services for developer projects. These expenses are backcharged to the developer. The 2025 budget includes \$23,000 for these services, \$3,000 more than the amount budgeted in 2024 and \$1,700 more than the estimated amount for 2024.

The budget for the Rates and Fees Technical Advisory Committee (TAC) will remain at \$3,750 to cover a potential dues assessment. Members determined a dues assessment in 2024 of \$.25 per customer account was necessary to protect the reserve funds and increase revenue to participate in ongoing discussions with Denver Water.

Other general consulting costs are budgeted at \$1,000, the same amount budgeted in 2024.

- Insurance coverage for general liability, property, directors and officers' liability, and basic commercial crime are obtained through the Colorado Special District Property and Liability Pool (CSDA). In addition, supplemental commercial crime coverage is obtained from another source. Other insurance includes the District's workers compensation insurance for the directors which is currently with CSDA. The premiums for these coverages are projected to increase 10-20%. The total amount budgeted for 2025 is \$31,185, \$4,083 or 15.1% more than the estimated amount for 2024.
- Building maintenance expenses include costs for landscaping, janitorial, heating and air condition maintenance, elevator maintenance, painting of interior and exterior of building, and other general repairs and maintenance of the office building. The amount budgeted for 2025 is \$110,045, \$45,745 more than the amount budgeted in 2024. In order to accommodate potential repairs required to the exterior brick wall and foundation on the west side of the building \$40,000 has been included in the building maintenance budget.

Office utilities are budgeted at \$48,760, \$4,850 more than the amount budgeted in 2024. The change is due to increases in the cost of internet services and projected increases in gas and electric utilities.

- Directors' fees are budgeted at \$6,000 which assumes 100 percent attendance for all regularly scheduled meetings.
- The District Directors are covered by the Federal Contributions Retirement Act (Social Security) and thus contribute 6.2

percent of wages to FICA. The District is also covered by the Federal Medicare Program and thus contributes 1.45 percent of employee wages to the program. The amount budgeted for these two programs for 2025 is \$480 based on \$6,000 of payroll.

CAPITAL EXPENSES

- Capital expenses for 2025 are budgeted at \$3,992,725, \$3,681,227 more than the amount budgeted in 2024.

Two capital water projects budgeted in 2025 consists of the replacement of 2,168 feet of 6 or 8-inch asbestos cement pipe with PVC pipe in the Woodmar Village Suidivision. Projected engineering design costs anticipated to be incurred on these 2025 projects have been estimated for 2024 expenditure. Additionally, engineering costs estimated for the planned 2026 projects have been budgeted for in 2025 so that the design may be initiated to meet desired project timelines in 2026. A detailed explanation of all these projects is included in the District's *Capital Master Plan for 2025-2034*.

One capital sewer project is budgeted for 2025 totaling \$2,009,975. The project consist of upsizing the 33-inch diameter D-Line interceptor to a 36-inch diameter pipe.

Equipment amounting to \$69,300 will be installed at the pump station and eight flow meter sites to enable cloud computing for monitoring and control processes of the SCADA system.

The 2025 capital expense budget includes an emergency reserve in the amount of \$226,520 as required by the TABOR Amendment.

The 2025 capital expense budget includes a 20 percent contingency for water capital projects and a 30 percent contingency for the sewer capital project in the amount of \$724,310.

PROPERTY TAXES

- Southwest Metropolitan will not certify a mill levy in 2025 for tax year 2024. The property tax schedule is included in the 2025 budget to provide information relative to property valuations within the District. Assessed valuations increased \$56,728,227 (6.8 percent) in 2024. Eighty-four percent of the total property valuation is located in Jefferson County, thirteen percent in Arapahoe County and three percent in Douglas County.

SUMMARY OF EXPENDITURES (EXHIBIT A)

- Exhibit A provides a summary of District expenditures including non-appropriated depreciation and amortization of District assets. Total expenditures requiring appropriation in 2025 is \$6,714,313.

LEASE - PURCHASE AGREEMENTS

- As required by *C.R.S. 29-1-103(3)(d)*, the 2025 budget includes a schedule for lease-purchase agreements. Southwest Metropolitan does not have any lease-purchase agreements requiring expenditure of funds in 2025.

TEN YEAR FINANCIAL PLAN

- The Ten-Year Financial Plan identifies a reserve fund balance amounting to \$24,415,581 at year end 2024. The fund balance is projected to increase \$836,397 to \$25,251,978 at year end 2025. Over the ten-year planning period the reserve fund balance is projected to decrease \$3,870,682 to \$21,381,296 at year end 2034. It is the policy of the District to annually review and establish an adequate level of cash reserves for operations, capital improvements, debt service, and any other needs prescribed by the Board of Directors to meet expected service levels and provide adequate resources for infrastructure repair and replacement.

Due to the economic downturn experienced the last few years, significant decline in investment income, and required infrastructure rehabilitation projects detailed in the *Capital Master Plan*, the District increased the service fee by \$4.00 in 2022 resulting in an assessment of \$12.00 per month per ¾" equivalent water service. At this time, the assessment is projected to increase to \$15.00 in 2027 to meet operating demands and prepare for significant capital outlay projected over the ten-year planning period but will be reviewed by the board on an annual basis. Service fee revenue is projected to be the largest source of revenue providing approximately 58.5% of the total revenue over the ten-year planning period.

The average interest rate for District invested funds is assumed to be 3.0 percent in 2025 and increase by 0.5 percent per year to a maximum 3.5 percent. Over the ten-year planning period investment income will provide 19.1 percent of the District's total revenue.

The District projects \$2,979,432 in tap fee revenue in 2025, \$1,266,958 in 2026, \$643,066 in 2027, and \$1,150,158 in 2028.

While the District is approaching buildout a few areas have been identified for future development, but the timing and the scope are unknown at this time so revenue has not been projected. Water and sewer tap fees are proposed to remain at current levels through the ten-year planning period: \$7,000 for a 3/4" water tap and \$1,518 for a single-family equivalent sewer tap.

Operating expenses are projected to increase 3.26% each year in 2025 through 2034. Over the ten-year planning period, operating expenses are projected to total \$30,500,449 or 60.2 percent of all District expenditures.

The District has identified specific manufactured hydrants in the system that require nozzle replacement. The cost for these replacements is estimated to be approximately \$812,200 and has been scheduled as water remedial projects and is included in operations and maintenance between 2025 and 2028.

Capital expenses through 2034 are derived from the District's *Capital Master Plan for 2025-2034*. Long-term capital outlay in the ten-year planning period amounts to \$19,027,312. Of this amount \$3,865,256 or 20.3 percent is scheduled to be replaced in 2030.
